

PET UNIT DOSE TABLE

Designed for PET hot labs with limited space, the PET Unit Dose Table accommodates the 042-433 Biodex Compact L-Block with Built-in Dose Calibrator Shield, the 039-412 Sharps Container Shield, the 042-434 Lead Brick Cave, and the 086-250 Atomlab 100 Dose Calibrator. The table's work surface has cutouts for through-mounting of the dose calibration chamber and the sharps container shield to maximize efficiency of the compact work space. The calibration chamber support shelf provides 1" thick lead shielding under the chamber's base.

A spacious bottom shelf holds several PET shipping containers. The upper shelf supports the dose calibrator control/display unit, and provides convenient storage for syringe shields and other small items.

FEATURES:

- *Designed for PET hot labs with limited space*
